

QUALITY POLICY

At FEABS we will ensure the continuity of the company's quality through:

- Strict adherence to quality outcome,
- Client satisfaction,
- Continuous innovative improvement,
- Providing ongoing training to enhance technical knowledge within team,
- Motivation of workforce to control their output.

As we deliberately aim at a specialized sector in the market, the company prioritizes the fulfillment of our client's requests, expectations, and specifications through providing timely quality solutions and engineering works.

The quality of FEABS's services is facilitated by a quality system, consistent with the ISO 9001:2015 Standard, which includes amongst other things, in our personnel having the required experience and training, as well as the appropriate administrative procedures.

The quality in our services is the utmost importance to the future continuity of FEABS. Consequently, we expect all our employees to meet and enhance our quality level.

By means of this policy, management is committed to supply the necessary resources, in accordance with the requirements of ISO 9001:2015.

Osama Zubdeh
Director
